

Engagement with School Education Department, Kampala, Uganda

[Acharya Bangalore B School \(ABBS\)](#), Bengaluru engaged with officials from Uganda's School Education Department, Kampala, to explore opportunities for collaboration in education and student development.

The discussions focused on potential areas including academic partnerships, student development initiatives, knowledge sharing, skill enhancement, and international learning opportunities. The interaction provided a valuable platform to exchange perspectives on strengthening educational outcomes and creating greater opportunities for students.

The engagement reflects ABBS's continued efforts to expand its international academic network and build meaningful connections with educational institutions and stakeholders across Africa.

The discussion also opened avenues for exploring future initiatives that can promote cross-cultural learning, capacity building, and greater international exposure for students and educators.
